## 日本の対外純資産

### Present External Net Assets of Japan

中藤 泉

Izumi NAKATO (Professor, Faculty of Economics, Nagasaki University)

Abstract:

External net assets of Japan recorded 253 trillion yen. In this paper we deal with external net assets of Japan.

In section 2 we will review draft of the current account balance and the transition of foreign assets, foreign liabilities and net external assets in section 3. Then we will review profitability of foreign direct investment and foreign security investment.

Section 5 is review of regional breakdown of the income balance. Section 6 presents challenges of the present and future.

JEL Classification: E00, F21

Key words: foreign net assets, Foreign Direct-Investment (FDI), Returns of FDI and securities
